

COVID-19 - PREVENTION

TO PROTECT YOURSELF AND TO PROTECT OTHERS,
LET'S WORK TOGETHER

WE adapt the space between the stands and the areas of circulation.

YOU maintain a minimum distance of one metre with others.

WE put into place protection material for our exhibitors (Plexiglas screens, masks).

YOU wear a mask throughout your visit.

WE clean all contact surfaces regularly and ensure hydro-alcoholic gel is available at numerous points.

YOU limit contacts and wash your hands at least once every two hours.

WE set out circulation direction indicators with floor markings and notices.

YOU respect the circulation direction and do not stay in the circulation lanes.

WE notify available seats.

YOU respect a distance of one empty seat from others.

WE check that the regulations in place are being followed and monitor the efficiency of the measures introduced.

YOU transmit your remarks and observations and inform us of any situation that appears to be a problem.

TAKE CARE OF YOURSELF AND OF OTHERS
